

UAV Operators Insurance

UAV Operators Insurance

Unmanned Aerial Vehicle (UAV) Operators insurance provides a tailored solution that addresses a range of risks that companies operating or licensing the service of UAVs and drones often encounter.

UAV Operators Insurance provides the policyholder comprehensive cover addressing a number of specific risks associated with UAV's including cover for damage to the UAV itself (hull), third party liability, statutory liability and cover for privacy breaches.

Coverage Benefits

- UAV specific wording which is tailored to the aviation risks presented
- Covers complete operating system, including airframe, payload, launch station, UAV spare parts and ground control station
- Ability to package up with other coverages such as employer's liability, cyber liability, professional indemnity
- Ability to provide extensions covering statutory liability and liability stemming from privacy issues regarding the use of UAVs
- Ability to cover damage to UAV whilst in transit
- Rated A (excellent) by AM Best, A+ (strong) by Standard & Poor's and AA- (very strong) by Fitch.

Territory
