

Do you have an emergency plan?

40%
of businesses
have experienced a
business interruption
in the past 5 years

90%
of small businesses
that are down for
more than 5 days
fail within a year

\$5,000
is the average cost of
a business continuity
consultant to help
put a BCP together

Does it address these risks to your business?

NATURAL DISASTER

CYBER ATTACK

STORM DAMAGE

FIRE

HUMAN ERROR

SUPPLY CHAIN FAILURE

TELECOMMS ISP FAILURE

POWER LOSS

THEFT

MECHANICAL FAILURE

VIRAL OUTBREAK

A BCP helps you to manage and be prepared for...

Statutory and Employers Liability

- >> Worksafe investigations in relation to hurt or injured staff
- >> Resource Management investigations
- >> Other statutory investigations

Environmental Liability

- >> Pollution and environmental incidents arising from your business operations

Cyber Liability / Technology Liability

- >> Loss of IT systems
- >> Cloud failure
- >> Network attack / Network failure

Public & Product Liability / Product Recall

- >> Links to your product recall plan
- >> Helps to respond to personal injury and property damage arising from your products or operations

Directors and Officers Liability / Management Liability / Crime Insurance

- >> Assists with governance as a Director
- >> A BCP tests whether your company can recover quickly and efficiently
- >> Ensures least possible reputational damage
- >> Contributes to regulatory responsibility as a Director, including responsibility for the health and safety of your employees

Emergencies happen, so Delta Insurance is offering you the only comprehensive cloud-based BCP in the market. Why? Because if you're prepared for any eventuality, then that's good for us too.
